BECKER SPINE

Dr. Brandon Buesgens DC is the proud owner of Becker Spine. His desire is to spread knowledge of health and wellness to all families in the Becker Community.

His goal is to provide the highest quality wellness care he possibly can as he helps families obtain their long-term health goals. He is excited to live and work in the Becker Community.

Dr. Brandon received his B.A. from Gustavus Adolphus College in Exercise Physiology. This knowledge of the body inspired him to become a Doctor in Chiropractic.

God has truly blessed Dr. Brandon with his family Toni and

Addi. They packed up and decided Becker is the community they wanted to make roots in. It wasn't a hard choice because they all three love the outdoors and are from amazing communities very much like Becker.

They plan to spend a lot of time in the Becker Community Center as they all love basketball, rock climbing, and swimming. Please say Hi whenever you see them around the community.
